

# Fuel Line Disconnect Tool - 3/8"

## ( GM - Flex Fuel Engine )

OEM Ref. Kent Moore J-46363

- This is a required tool to remove the fuel line connector from the fuel filter on **E85 C/K utilities with 5.3L V8 engine (PRO L59)**.
- Suitable for **Suburban, Tahoe, Yukon, Avalanche, Silverado and Sierra from 2002**.

### Applications

<b>Avalanche</b>	2002~2010	<b>Silverado</b>	1999~2010
<b>Colorado</b>	2013	<b>SSR</b>	2003
<b>Envoy</b>	2003	<b>Suburban</b>	1998~2010
<b>Escalade</b>	1999~2012	<b>Tahoe</b>	1998~2010
<b>Express</b>	2003	<b>Trailblazer</b>	2003
<b>Savana</b>	2003		2013
<b>Sierra</b>	1999~2010	<b>Yukon</b>	1998~2010

Due to the limited clearance between the fuel line connector and the fuel filter, each end of the release tool must be twisted and turned before inserting it into the connector.
