

Engine Cleaning Gun

Features:

1. Aluminum body light weight and durable.
2. Bottle with acid/alkali resistance
3. Water saving
4. Long nozzle can reach deep gap easily to clean dirt

Application:

1. Washing Automobiles/ Engine cleaning
2. Professional automobile detailing
3. Large-area spraying

Specification:

Part No.	
Body Material	Body: Aluminum alloy Bottle: HDPE(1000ml)
Medium	Air
Port Size	1/4"
Working Pressure	15Bar (Max)
Air Consumption	IN8Bar≥230L/M
Water Consumption	IN8Bar≤0.85L/M
Temperature Range	-5~60°C
